Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

Entered at the Postoffice in Tonopah as second class matter.

## MORE MILLS FOR GOLD CIRCLE

### CAMP WILL HAVE TWO MORE REDUCTION PLANTS AT ONCE.

Advices from Gold Circle are that Mr. Callo of the General Engineering company of Salt Lake City arrived last Thursday to put in the mill for the Rex Mines company. This property is proving to be a very valuable one. They are working three shifts and have a hoist on, so are making good headway. McCormack and expert were in the past week visiting with Rothschild and Horton.

The Fayant and Charters Leasing company has leased the mill for the balance of their ore. They have just shipped to the mill twenty-five pounds of gold from their last run, and all the leasers on the Esmeraldas will put on more men for they have but five months more on the property.

The Hartley and Bradford mill has arrived and will be installed at the mouth of the canyon. They have taken no contracts, but will have for their first run 1200 or 1500 tons of the Boyle ore.

The Old Judge, adjoining the Elko Prince properties, has been leased and bonded to B. P. Howell and associates, and this property has already been opened up along the vein with a tunnel for 125 feet and shows good values, assays varying from \$40 to \$200.

The owners of the Great Western and Queen properties have gone to Reno, and it is understood that the properties have been sold. These properties have a set of Mullers working and the first ton ran last week gave returns of seven pounds and three ounces of amalgam and leasers on the property are taking out very rich ore.

The Gold Crown has on two shifts on its lower tunnel and is drifting on the vein, and while the ore is not very rich they are not into where the large values were in the shaft by 400 feet. They are also drifting on the Banner and will open up the old workings that were done last fall by the Snowstorm Leasing company. Mining timbers are at a premium and this property is using quite a lot in their workings.

The Peters lease on the Hillside shows good values and is saying quite a lot of ore that will run \$40. Mr. Peters has a good long time on the property and expects to drift on the vein, which crops for something over 400 feet and has values all along.

## BEST TRACKMEN OF THE WORLD TO HAVE CONTEST

SEATTLE, June 30.—For the first time in the history of American athletics, the best track men of the west will compete on a western field against the east, in the great American Amateur Athletic union track meet at the stadium of the Alaska-Yukon-Pacific exposition, Friday and Saturday, August 12 and 13.

Although western athletes have often made good in the east, no strictly western team has ever competed successfully against the eastern stars. It has been complained that this is on account of the fact that few western men have been entered in the eastern meets because of the change of conditions.

From the records that have been made in Pacific coast athletic in the past few years, this should be one of the greatest track meets in the history of the country. Against the experience and numbers which the east has at its command, the western athletes will have an offset the fact that the meet is held on a western

field and amid familiar conditions. Intense interest over the outcome of this meet has been exhibited all over the Pacific coast. The records that have been made on western tracks have always been held in doubt by the critics of the east. This meet will decide whether or not the western track men are the equals of those from the east.

The entries for the meet will include many of the most prominent athletes in the United States. Practically all of the college stars of the large eastern colleges will compete and many of the men who achieved fame in the Olympic games at London will also be seen.

## IRISH AMERICAN ATHLETIC CLUB

SEATTLE, June 30.—The Irish-American Athletic club of New York, which made such a wonderful clean-up in the Olympic games at London, will enter a team of its best men in the huge American Amateur Athletic Union track meet at the stadium of the Alaska-Yukon-Pacific exposition at Seattle in August.

This is the substance of a notice that has been received by William Inglis, director of athletics at the exposition, from J. E. Sullivan, president of the A. A. U. The Irish-American club has entered heartily into the spirit of the meet, according to Mr. Sullivan. The contest is the first great track meet that the west has ever held.

Just what men will be sent by the club has not been definitely settled. From advices received by Mr. Inglis, the list will include practically the entire number of Irish-American victors in the Olympic games at London.

Sheridan, the greatest all-round athlete in the world, and a veteran of both the Athens and the London games, will be seen for the first time in the west. He is counted on by his club to win in several of the events of the meet. It is not yet definitely settled whether Shepard, the great Irish-American distance runner will be able to compete. After his victories at the London games, his physicians predicted that he would never be able to run again on account of heart affection.

The list of Irish-American athletes will also include several of the famous weight men of the club. They will be contested against against a number of the best men in the country, including the famous Ralph Rose of the Olympic club of San Francisco, who holds the record for the shot put.

## ACCUSED ITALIANS WILL HAVE HEARING

TOLEDO (O.), June 29.—Because they are convinced that the base of operations of the alleged black hand society recently uncovered was in Marion, Ohio, within this federal district, the federal authorities have decided to try all of the men implicated in the case in Toledo next fall. This was announced today by District Attorney Day. The preliminary hearing of the four men under arrest here was held today. The hearing of those in other parts of the state will come up later this week.

## RATTLER ATTACKS BABY AT PLAY AT RYE PATCH

RYE PATCH (Nev.), June 30.—While playing in the yard this afternoon about 3 o'clock, Master Francis McNally, the 4-year-old son of F. McNally, section foreman, was bitten by a huge rattlesnake. The child's screams brought his mother to the scene and a freight train was held up until the little fellow could be gotten ready to be taken to Lovelock for medical treatment.

MINNEAPOLIS, June 29.—George R. Huntington was today appointed general manager of the Minneapolis,

## NEVADA CLUB WILL PROVIDE GOOD MUSIC

The Nevada club has arranged to secure the services of Mr. James J. Voss, violinist, and Mr. A. M. Tatro, pianist, beginning on the afternoon of the Fourth of July and continuing indefinitely. Both gentlemen are reckoned among the best in their profession and the patrons of the popular resort are promised a rare treat. Both musicians have resided in Goldfield for the past two years and are widely known in this section. The Nevada Club is to be congratulated in securing these gentlemen.

Mining is going to receive the big end of the consideration given to new investments during the next few years. It is logical that such should be the case. Mining has stood up better under the lash of hard times than any other industry. It has kept ahead with its dividends and has ground out millions upon millions which have come in exceedingly handy since 1907 in keeping the wheels of all manner of enterprise everywhere in the country moving. Its performance during this time of stress accomplished a great deal in removing the unjust stigma of gambling from the industry and put it in better shape than ever before in its history. The advantages resulting in the next few years will be immense. Things look very bright for legitimate mining.—White Pine News.

St. Paul and Sault Ste Marie road to succeed Edward Pennington, who was elected president after the death of Thomas Lowry.

Oscar Steel, a resident of Virginia City since August 11, 1859, is the only survivor of Major Ormsby's expedition against the Indians in the vicinity of Pyramid lake in 1860. The Indians were killing settlers and committing other depredations at that time. Major Ormsby's command consisted of 105 men of which fifty-six including Ormsby, were killed. Mr. Steele is in his 71st year and is hale and hearty.

Mr. Penrod arrived from Tennessee gulch this afternoon on his way to Virginia City, where he will be an honored guest at the jubilee celebration. He will leave tonight for Reno and from there he will go to Carson and expects to reach Virginia City on the morning of the 3d. Mr. Penrod was one of the early settlers on the Comstock and is familiar with its history. He will have a great time in the city by Mt. Davidson.—Elko Independent.

## SEVEN AUTOISTS HURT IN SEATTLE COLLISION

SEATTLE, June 30.—In a collision between an automobile and a Northern Pacific freight train south of George town early today, seven persons, all residents of Seattle, were injured. Two of the party probably will die. The automobile was demolished as it ran past a crossing just as a freight car was shunted.

## Free Trip to Goldfield and Return ...Every Day Until July 3rd...

HUNT'S HYGRADE  
408 Main St. - Goldfield, Nev.
